Mr. Jock Fearnhead
Station Manager
Radio Station W.I.N.S.
New York, New York

Dear Jock:

After having come to New York and W.I.N.S. almost four years ago, at which time WINS was one of the lesser important stations in the market, having diligently and earnestly striven to make my WINS program the most listened to radio show in New York, thereby helping WINS achieve the prominence of being the number one radio station in the market (according to the latest Fulse and Hooper ratings), I regret that I must hereby tender my resignation because I feel that you have failed to stand behind my policies and principles.

Sincerely,

Alan Freed
